

## Introducing **Kennel Connection 5.0**

**The #1 choice to store, track and manage your pets and their schedules.**

New and improved features can increase your productivity and enhance your efficiency.

Kennel Connection 4.5 is a software product that already makes it incredibly easy to track and book appointments. Now we've improved an already great product with Kennel Connection 5.0, our best upgrade ever.

Kennel Connection 5.0 helps you work even faster and be more efficient, while keeping you on top of all activities quickly and easily. You can drag-and-drop pets from the Windows Explorer-style locator onto the boarding, grooming, daycare, training or petsitting schedules, access several reports to show your income and organize and manage your clients and their pets in new and more flexible ways. You can even include the pet's photo with their record and scan their leash for instant check in and check out!

Kennel Connection has always been an excellent way to store, track and manage your pets and schedules. Now, with our latest upgrade, it's a better choice than ever for you and your business.

***"The look, speed and functionality of Kennel Connection 5.0 is an incredible improvement!"***

- Dan Gentile, Jr.,  
Dan Gentile Dog Training Center,  
Howell, New Jersey

### **System requirements:**

# Kennel Connection

*"Quite simply the easiest, most affordable kennel, groom, daycare, training and petsitting management software system available!"*

**Save time and money  
with Kennel Connection 5.0!**

Tired of flipping through index cards looking for a pet's information? Spending hours every night balancing the books after the day's boarding and grooming activities? Does your wall calendar need a vacation? Kennel Connection 5.0 can retire that old calendar and make all of your other tasks quicker and easier instantly with a simple click of a button!

**Get only the features you need!**

Kennel Connection is a suite of software products all rolled into one! It features boarding, grooming, daycare, training and petsitting modules, in addition to sales and revenue accounting and POS modules. Only do grooming at your facility? Simply select "Grooming edition" from the demo selector! Want boarding and daycare only? Select "Boarding edition" and "Daycare edition" from the selection screen. Thinking of expanding? Purchase only the modules you need now and add the others later!

**Reduce expenses with your software!**

Currently paying rental fees for your credit card processing equipment? Return the equipment and begin processing credit card payments through Kennel Connection, and receive a lower discount rate!

No more postage for your reminders or invoices! Send them directly to your customers' email ID right from Kennel Connection!

Turn your computer into a complete point of sale system with an available bar code scanner, receipt printer, magnetic strip reader and cash drawer!

For the busy shop, our scannable collar and keyring tags allow for instant check in and out of your pets! Simply hand the tags to your customers, which they can attach to their pets or their keyring and all they need to do upon dropping off or picking up the pet is have you scan the tag with our available bar code scanner!

*You'll soon wonder  
where all of the free time  
came from...*

*"This software offers all of the features that a successful kennel needs and the tech support is second to none!"* -Heathe Pardue, Facility Manager  
World Class Kennels,  
Harpersville, Alabama
